Sample Nomination Story

"Our 88-year-old mother was a patient for 2 weeks. Mom was on a roller coaster, we never knew what to expect. Everything was new and frightening to us as we watched her struggle to live. Through it all, Sally was there, working tirelessly, diligently, helping Mom and us understand issues and ramifications. She patiently explained things to us, sometimes more than once, until we got it. Of utmost importance to her was Mom's comfort. Sally was also concerned about each of us as we went through our own emotional and exhausting roller coaster rides. We looked forward each day to seeing Sally. She obviously cared deeply for Mom. Sally became like family. I wanted to hug her hello and goodbye. Everyday her knowledge and skills were evident. Such as, for 1 tiny example, the day O2 saturation was dropping, chest tubes were in-Sally analyzed the best position to put mom into with those tubes in order to maximize O2 saturation. It worked. Sally's tireless, devoted, and skilled passion for our mother's well being made a huge impression on us. She stood out as a nurse willing and able to go beyond the normal call of duty."

The DAISY (Diseases Attacking the Immune SYstem) Award is an international recognition program that honors and celebrates the skillful, compassionate care nurses provide every day. The DAISY Foundation was established by the family of J. Patrick Barnes after he died from complications of the auto-immune disease ITP in 1999. During his hospitalization, they deeply appreciated the care and compassion shown to Patrick and his entire family. When he died, they felt compelled to say "thank you" to nurses in a very public way. To learn more, visit DAISYFoundation.org
